

Introduction

The Focused Managed Funds invest across a wide range of global equities, global government bonds, commercial property and cash deposits. The asset mix will alter according to the views of the Fund Managers and the fund's years to maturity. The overall aim of the focused managed series of funds is to ensure that the funds mix of assets is always appropriate to a client's term to retirement.

Key Features

- Series of 10 actively managed funds with different maturity dates.
- The closer the maturity date the more cautious the fund will be to lock in investment gains.
- Those with more time to maturity will have a stronger growth focus with more exposure to higher risk-return assets.
