† FE Crown Fund Ratings is a quantitative based ratings system founded on historical performance, volatility and consistency. Funds are ranked against a relative benchmark chosen by FE with the lowest-rated funds carrying a single crown, and the highest awarded five crowns. Funds without a three-year track record are not rated. However, in some cases a rating is applied to funds whose underlying fund carries a three-year track record. FE Crown Ratings are produced solely by FE and its accuracy or completeness cannot be guaranteed.

**The risk descriptions and ratings provided are intended as a guide only and should not be relied on in isolation to make investment decisions. Risk ratings are calculated and provided by a third party and are not a recommendation by Zurich as to the suitability of a fund for investment.
