

We've written this fund factsheet assuming you have some experience of investing. This means that although we have tried to write as much as possible in plain language, we may have used certain words or phrases that might not be familiar to you, particularly if you are new to investing. Its purpose is to help you understand how the fund is invested and performing. You should not use it on its own for making investment decisions. It is not an offer to buy or sell any investments or shares. If there's something you don't understand, please contact your adviser. If you don't have an adviser, please call us, we can help you find one near you.

## Fund objective

The fund aims to provide a total return, mainly through growth in capital, by applying active asset allocation techniques to a mainly passive investment strategy. The fund will invest mainly in equities or instruments that track the returns of equity indices as well as using alternative asset classes, some of which may be actively managed. Assets with scope for capital growth are likely to represent a significant part of the fund's composition, although it may also include other assets held mainly for income generation. As a result, there is a risk of fluctuations in capital values.

## Things you need to know

We've based this information on our current understanding of law and practice. We make every effort to ensure that this information is helpful, accurate and correct but it may change or may not apply to your personal circumstances. Before taking any action you should always check with an appropriate adviser, as we cannot accept responsibility for any action taken on the basis of this information alone.

All funds carry some risk and you should consider these risks before making an investment decision. The value of investments and any income from them is not guaranteed and can fall as well as rise and will be reduced in real terms by the effects of inflation. The main factors which may increase the risk of this fund include:

- the amount held in overseas assets,
- any concentration in specific areas or sectors,
- the amount invested in property or property shares,
- the use of derivatives and other instruments with the aim of generating outperformance.

Other charges which reduce the number of units you hold may apply. For further information please refer to your product Terms and Conditions.

For a more detailed explanation and other useful information about investments, please refer to our guide - "Making investments clearer - a guide for you", which can be found at [www.zurich.co.uk](http://www.zurich.co.uk).

For investments made into 7IM AAP funds before 1 January 2013, 7IM will make additional payments, based on the value of the holdings in these funds, to certain financial adviser firms. Any additional payments will be paid from 7IM's management charge and are included in the fund charges disclosed to you. Your adviser will have informed you if this arrangement applies to your investment.
