

We've written this fund factsheet assuming you have some experience of investing. This means that although we have tried to write as much as possible in plain language, we may have used certain words or phrases that might not be familiar to you, particularly if you are new to investing. Its purpose is to help you understand how the fund is invested and performing. You should not use it on its own for making investment decisions. It is not an offer to buy or sell any investments or shares. If there's something you don't understand, please contact your adviser. If you don't have an adviser, please call us, we can help you find one near you.

## Things you need to know

We've based this information on our current understanding of law and practice. We make every effort to ensure that this information is helpful, accurate and correct but it may change or may not apply to your personal circumstances. Before taking any action you should always check with an appropriate adviser, as we cannot accept responsibility for any action taken on the basis of this information alone.

All funds carry some risk and you should consider these risks before making an investment decision. The value of investments and any income from them is not guaranteed and can fall as well as rise and will be reduced in real terms by the effects of inflation. The main factors which may increase the risk of this fund include:

- the amount held in overseas assets,
- any concentration in specific areas or sectors,
- the amount invested in property or property shares,
- the use of derivatives and other instruments with the aim of generating outperformance.

Other charges which reduce the number of units you hold may apply. For further information please refer to your product Terms and Conditions.

For a more detailed explanation and other useful information about investments, please refer to our guide - "Making investments clearer - a guide for you", which can be found at [www.zurich.co.uk](http://www.zurich.co.uk).

### Performance of ABI primary fund (over 5 years to 31/10/2019)

31/10/2014 - 31/10/2019 Powered by data from FE

Source: Financial Express as at 31/10/2019. You shouldn't use past performance as a suggestion of future performance. It shouldn't be the main or sole reason for making an investment decision. The value of investments and any income from them can fall as well as rise and will be reduced in real terms by the effects of inflation. You may not get back the amount you invested. HM Revenue and Customs (HMRC) practice and law are complex. Tax concessions are not guaranteed, their value will depend on individual circumstances and may change in the future.

Fund performance data is based on a selling price basis and doesn't take into account fees and expenses which are specific to individual plans. Details are available on request.
